

THOMPSON PUBLIC SCHOOLS
Food Service Program

Seamless Summer Option (SSO) Extension Announcement

Breakfast and Lunch meals are **FREE** for all children 18 and younger. This federally mandated benefit will be in effect until the end of this school year, June 2021.

Please read the following:

- If you previously qualified or believe you may qualify for free or reduced-price meals, please **CONTINUE** to submit free and reduced-price meal applications. Even though all students can receive meals for free under SSO, we still need to verify your status.
- If you currently have money in your child's account it will remain there until the federal extension expires. These funds can also be used to make future a la carte purchases when and if that service resumes in SY 21/22.
- Please do not deposit funds into your child's MySchoolbucks account for this school year, their meals are **FREE**.
- If you would like the funds in your child's account to be refunded, please contact the Food Service Director, Lisa Durand @ (860) 923-9581, x588 or ldurand@thompsonpublicschools.org.
- In the event our entire District goes to remote learning we will still be offering free meals to all children 0-18. We currently have curbside pick-up at the Thompson Middle School entrance (M-F) 12:00-1:00pm. Stay tuned for additional meal service locations in the event of District closing.
